

## Large Mammal Advisory Committee

### Approved Project

## QUARTERLY PROGRESS REPORT

Project Name: Rush Fire Rehab for Big Game

Quarter: (7/1/2013-11/20/2013)

**Work Performed:** The one mile of liberty pipe fence was purchased and received at the Eagle Lake Field Office in Susanville, CA (see attached figures). The force account crew transported the fence material to the Litchfield Corrals. The corrals will be a staging area for field installation. Installation was planned for the end of September and beginning of October; however, the government shutdown delayed installation. Installation sites have been scouted and sized up.

**Funds Expended:** see attached worksheet

	<u>This quarter</u>	<u>Total to date</u>
Personnel:	\$2,200	\$2,200
Operating Expense:	\$45,000	\$45,000
Overhead:	\$8,910	\$8,910
Total:	\$56,110	\$56,110

**Work Anticipated for Next Quarter:** Currently the ELFO staff is planting bitterbrush seedlings within the Rush Fire burn area (see attached figures). Once all seedlings and materials are purchased and labor has been charged the ELFO will submit the second proffer billing for reimbursement.

Installation of the liberty pipe fence was delayed as explained above. Installation is planned for the next few months until the weather prevents access to the riparian sites.

The ELFO will be submitting a purchase requisition for replacement guzzlers and fence material that was destroyed or damaged in the Rush Fire.
